High Volume Open Fryers

OFE 291 Electric

OFE 291 high volume electric open fryer

Henny Penny high volume open fryers offer tremendous throughput in a highly reliable frying platform with programmable operation, oil functions and fast, easy filtration. with the system. Henny built-in freturns in the system of the system.

The Henny Penny OFE 291 cooks up to 8 head of freshly breaded bone-in chicken in a single load. For higher volume operations, that can mean significant savings in time, labor, frying oil, energy and maintenance compared to an equivalent capacity of smaller fryers from other manufacturers.

Henny Penny high volume electric open fryers combine power with high-efficiency immersed elements to recover temperature very quickly. Fast recovery translates into higher throughput, lower energy costs and longer frying oil life. Large loads are cooked evenly and handled easily

with the patented counter-balance lift system.

Henny Penny open fryers have a built-in filtration system that filters and returns hot frying oil in minutes. No separate pumps and pans, no handling hot oil. Frequent filtering extends frying oil life, improves product quality and reduces oil costs.

The Computron™ 8000 control features automatic, programmable operation, as well as energy-saving, filtration and cook management functions.

Standard Features

- Heavy-duty stainless steel vat with 7-year warranty
- Fry vat is fully insulated for energy efficient operation
- High-efficiency heating elements generate fast recovery and energy savings
- Cold zone below heating elements helps extend oil life
- High-limit temperature protection
- Patented counter-balanced basket lift for easy loading and unloading
- Built-in filtration system
- Raised edge on deck reduces spills
- Smaller footprint saves floor space and cookline frontage
- Stainless steel construction for easy-cleaning and long life

- 4 heavy-duty casters, 2 locking
- Computron[™] 8000 control
 - 10 programmable cook cycles
 - Melt mode
 - Idle mode
 - Clean-out mode
 - Water detection alert
 - Load compensation
 - Proportional control
 - Optional filter prompt and customizable filter tracking
 - 16-character digital display with multiple language settings

Accessories shipped with unit

- Loading carrier
- Basket configuration, choose one:
 - ☐ Full basket—4 flat wire baskets, 1 wire rack cover, rack handle
 - ☐ Half-size rack—4 wire racks, 1 wire rack cover, rack handle
- Stirrer and drain clean-out rod
- Filter screen and 2 PHT filter envelopes

Accessories and options available separately

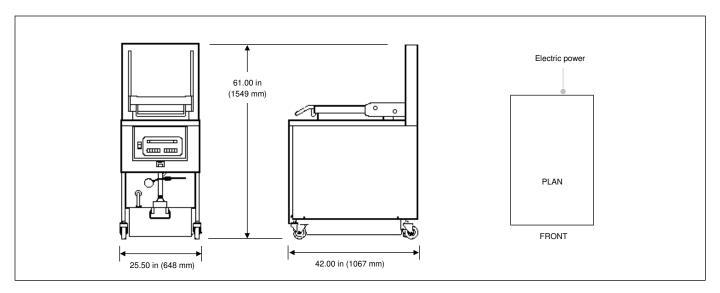

- ☐ Fryer Shortening Shuttle®
- ☐ Filter pan dolly
- Choose one:
- ☐ Filter rinse hose OR
- ☐ Direct Connect shortening disposal
